

Benefit for Bruce Magee

On a beautiful sunny Minnesota day in Sept., 2010, 53 year old Bruce Magee was hit by an uninsured driver. Wearing a helmet and full gear he survived this horrific accident, but it has changed his life forever.

Bruce sustained many injuries, including a split pelvis (which caused the femoral artery to rupture), a broken back, fractures in both wrists, severed urethra, torn intestines, broken jaw, severed nose, and collapsed lung just to name a few. At this point he has gone through 11 reconstructive surgeries and faces many more.

His part of the medical bills currently exceed \$78,000.

And this is only the beginning.

Due to the extent of his injuries, he is still unable to work. Lori was with Bruce as well, and sustained a broken arm and hip. While they are truly lucky to have survived, they can both use your help.

A benefit to help Bruce with his many needs will be held

**Sunday, March 6th, 2011
1pm - 5pm**

**Neisen's Sports Bar and Grill
4851 W 123rd St. ♦ Savage, MN**
